## ACKNOWLEDGEMENT

The success of any project depends largely on the encouragement and guidelines of many others. I would like to take this opportunity to express my gratitude to those people who have been instrumental in the successful completion of this project.

First and foremost, I give all glory, honor and praise to **God Almighty** who gave me wisdom and enabled me to complete the project successfully.

I also express sincere thanks, from the bottom of my heart, to my parents for their encouragement and support in all my endeavors and especially in this project.

Words are inadequate to express my deep sense of gratitude to **Dr. J. David, Principal, SJCET, Palai** for allowing me to utilize all the facilities of our college and also for his encouragement.

I extend my sincere gratitude to **Mr. Anish Augustine, HOD Incharge, Department of MCA, SJCET, Palai** who has been a constant source of inspiration and without his tremendous help and support this project would not have been materialized.

I owe a particular debt of gratitude to my internal project guide, **Mr. Sumithmon K.S , Asst. Professor, Department of Computer Science and Applications, SJCET, Palai** for all the necessary help and support that he has extended to me. His valuable suggestions, corrections and the sincere efforts to accomplish my project even under a tight time schedule were crucial in the successful completion of this project.

I extend my sincere thanks to all of our teachers and non-teaching staff of SJCET, Palai for the knowledge they have imparted to me over the last three years.

I would also like to express my appreciation to all my friends for their comments, help and support.

# SYNOPSIS

Online Tours and Travels is used to book a tour from anywhere in the world by a single dynamic website which will help the user to know all about the places and tour details in a single website. The purpose of this project is to provide the complete information about the vehicles available for a tour. The main purpose of the online Tours and travels project is to provide information about tourism places with facilities, contact details. Even it allows customer to book hotel and cabs through online. Customer can ask all kinds of queries and they can post travel experiences in the comment box. Administrator is having full authority of the website and he can monitor the website activities. The admin can add packages to the website from a certain travel agents and hotels by create a tour page. Then the users can sign in and book each project, they can be confirmed by the admin in their manage booking page. The user can see the confirmation in their my booking page. It is an easiest platform for all travellers which can be easily booked and know the all details. This project is to provide user friendly hotel booking and service portal which helps customers as well as management. In this project customer can search for hotels or lodges and they can book hotel rooms along with hotel services. Services like cab services can be booked through online.
